VANCOUVER, BC, May 19, 2026 /CNW/ - **Verdera Energy Corp.** (TSXV: V) (OTCQB: VUECF) ("**Verdera**" or the "**Company**") announced that effective today, the Company has been approved to uplist from the OTC Pink market to the OTCQB Venture Market ("OTCQB") under the ticker symbol VUECF. The Company will continue to trade on the TSX Venture Exchange ("TSX-V") under the ticker symbol V.

In connection with its continued expansion in the U.S. capital markets, the Company has submitted an application to The Depository Trust Company ("DTC") to make its common shares eligible for electronic clearing and settlement in the United States. DTC eligibility, once obtained, is expected to simplify the process of trading and transferring the Company's securities between brokerage firms, which may enhance liquidity and improve access for U.S. investors.

About Verdera Energy Corp.

Verdera Energy Corp. is focused on the development of In-Situ Recovery ("ISR") uranium assets in New Mexico. Led by a team with extensive experience in the uranium and natural resources sector, Verdera is working to meet the growing demand for clean, reliable domestic uranium in the United States. Verdera holds private mineral rights spanning approximately 400 square miles, 88 million pounds of known and historic resources and a significant proprietary uranium database. New Mexico, with expansive uranium resources is positioned as a critical district in the U.S. domestic nuclear renaissance, driven by efforts to reduce reliance on foreign imports. Verdera is committed to fostering strong community relations and strives to work closely with local communities.
